Product Summary:

Ozark™ Premium Nylon Halter with Personalized Brass Plate for Miniatures and Ponies

Made from premium quality, brass plated, 2-ply, 3/4" nylon web with heavy duty hardware, this incredibly well-made halter is not only beautiful but incredibly useful. Grommets allow for easy on and off, while the adjustable chin allows you to tighten or loosen the fit your small equine's nose. You will appreciate that the eyelet holes are reinforced with grommets to prevent fraying. You will always grab the correct halter because of the personalized engraved brass plate. Great for gifts or awards!

Note: Due to their nature, personalized items are not returnable.

Personalization: Each brass plate can have up to two lines with 20 letters per line. Just pick your halter and add your plate information to the text box below before hitting the "Add to Cart" button. Your halter will be delivered with the engraved plate already attached. Please make sure to double-check your size, because once a tag goes on a product it is non-returnable. Not sure about your size? Just give us a call and we will help you find the perfect size.

Features:

- Handcrafted in the USA by the Amish
- Brass plated hardware
- Eyelet holes have brass grommets to prevent fraying
