Fun Recycling Ideas

America Recycles Day is on November 15th, and many people are seeking ways to reuse, repurpose, and recycle simple items – recognizing the importance this day has on our environment. To help out, [TheSoul Publishing](#), whose [5-Minute Crafts Recycle](#) YouTube page has over 3 million followers, is sharing some easy ways to participate and repurpose household times. Here are some of the ideas!

- **Use empty bottle caps to create floral coasters:** Create a floral shape using empty soda bottle caps, and iron down to create cute DIY coasters that are 100% recycled (More info [here](#))

- **DIY Cosmetics Holder:** Use a hot glue gun to layer drinking straws into a grid formation, then use to store your makeup! (More info [here](#))
- **Longer-Lasting Candles:** Did you know that frozen candles take longer to burn down? Save your favorite scent by popping your candle in the freezer before lighting it! (More info [here](#))
- **Revitalize Dirty Sponges:** Putting a dirty sponge in the microwave makes it good as new – and will save both money and resources. (More info [here](#))
