#### Easy Setup

Took me a couple of times, but I got the hang of it. Very clear instructions are right on the canopy cover. Easy to follow.

**Looked great and easy to**

Looked great and easy to set up! We used it for the cake/dessert table set up and added a white curtain as a backdrop which made it perfect. We used a long curtain rod and placed it on the wire stand with added zip ties. Locking the legs on the tent took a minute to figure out but got it done.

**Great Canopy at a Super Price**

We bought this for camping after our camper awning was destroyed in the wind. We figured if this one was destroyed, at least it wasn't a lot of money. Used it for two camping trips so far and it is still in great shape despite some big wind gusts. It's super easy to set up and take down.

**This canopy is awesome! It's**

This canopy is awesome! It's made out of very durable materials, both the canopy part and the poles, it's super easy to set up (I was able to do it alone!), and I love that it comes in a self contained and perfectly sized bag to store it.
