- OILS

Products Reference

Cat® Fluids are designed specifically for Cat machines and offer improved life and engine performance. They are expertly engineered, designed, and tested through extreme conditions and applications. Caterpillar offers many greases, coolants and oils for specific applications and components.

CAT COOLANTS

- ELC™ (Extended Life Coolant)
- ELI™ (Extended Life Inhibitor)
- DEAC™ (Diesel Engine Antifreeze/Coolant)
- NGE™ (Natural Gas Engine Coolant)

DIESEL EXHAUST FLUID (DEF)

Helps engines achieve "lean burn" to prevent the exhaust of unburnt fuel.
