Heavy Equipment Rental

[CHAT](#)

Wheeler Machinery Co. has the heavy equipment rental you need at the rates you want. We feature a line of mid-size and smaller Caterpillar machinery. Because we are a full-service rental store, we also carry a large variety of other name brand tools and equipment, anything from **light towers** to generators and much more.

Whether your industry is **commercial construction**, **municipal** road repair, **general contracting** or **farming and agriculture**, you rely on top-quality equipment to maximize productivity. Having direct access to all the heavy machinery, tools and attachments you require is a major advantage for operational efficiency. If you are in the market for heavy equipment for rent in Utah, Wheeler Machinery has everything you need when and where you need it most.

Machine Rental Solutions Help You Succeed

[Privacy - Terms](#)

Do you need heavy equipment for a specific period of time, such as for a temporary project or to replace a machine that is temporarily out of service? Do you have a short-term application that calls for a specific machine or want to try out a new piece of equipment before making a long-term investment? If so, a construction equipment rental can provide the perfect solution.

Wheeler Machinery Co. is the Salt Lake City construction equipment rental leader and a go-to source for machine rentals in Utah and the surrounding areas. Our experienced team will help assess your needs and recommend the heavy equipment rentals specifically configured to handle your applications.

All Types of Heavy Equipment for Rent in Utah

Wheeler Machinery Co.'s Cat® Rental Store provides the flexibility, performance and productivity your job site demands. We offer an extensive selection of heavy equipment for rent in Utah that's expertly maintained to operate at peak performance levels. Whether you need **skid steer loaders** and **motor graders** in Salt Lake city or articulated **dump trucks** and mini **excavators** in Ogden, you'll find exactly what you're searching for in stock and ready to deliver. We offer both short-term and longer-duration heavy equipment rentals based on your unique requirements.

Need a different machine rental or work tool to tackle a specific application? Or, has the needed timeframe gotten shorter or longer from the time you first rented your equipment? It's never a problem when you rent Cat equipment with us. With one call or click, the heavy equipment rental you need is on its way to be delivered or picked up. No matter how much, how soon or for how long, Wheeler's Cat Rental Store is ready to take care of you.

Additional benefits to renting equipment from Wheeler Machinery include:

- Ability to take on more work and a broader range of applications
- Minimal equipment storage and transportation costs and requirements
- Expert service and maintenance by highly-trained technicians
- Emergency support to eliminate downtime and loss of productivity
