## TELEHANDLERS FOR RENT

If extensive material handling is an everyday task of your business, you probably rely heavily on your telehandlers. Need to replace a telehandler that's temporarily out of service or add one or more for a special project? A telehandler rental can be a sound business move.

If your business or jobsite is located in a Utah city such as West Jordan, Salt Lake City, St. George, Vernal or South Jordan, a reliable telehandler rental source isn't far away. Wheeler Machinery Co. can provide a fast and affordable rental solution that will save you time and money.
