## Our courses in detail

The nations are here, now! God has orchestrated world history to bring students, refugees, and immigrants from around the world to North America. You want to join in loving these internationals with the love of Jesus, but you aren't sure how. Or perhaps, you have been in ministry for years and are looking for some supplemental training for yourself or for volunteers in your ministry. Our courses are designed to meet you wherever you are on your ministry journey and help you continue forward. Carefully curated lessons on important topics will equip you to be Christ's ambassador to the nations, no matter your experience.

The current focus of our courses is international students but in the future we will expand to include specific content that focuses on immigrants and refugees. However, the majority of our content will assist you in ministering to any and all internationals.

The screenshot shows the EveryInternational website interface. At the top, there is a navigation bar with the logo on the left and links for Dashboard, Courses (with a dropdown arrow), About, Resources (with a dropdown arrow), FAQ, and Contact. On the right side of the navigation bar are Login and Register buttons. Below the navigation bar, the main content area is light blue. On the left, a laptop displays a video player with a woman speaking. The video player has controls for Student, Present, Previous, and Next. Below the video player, the text reads "ng World Leaders in Our Midst" and "inal students are the low hanging fruit of missions. Are you opening the doors of your church to them? With a contagious vision, Lisa shows why we need to cross the street or one and befriend these students." On the right side of the main content area, there is a large heading "What you'll get from EveryInternational" followed by a list of five benefits, each preceded by a red checkmark.
