About This Item

We aim to show you accurate product information. Manufacturers, suppliers and others provide what you see here, and we have not verified it. [See our disclaimer](#)

The HART 20V 4.0Ah Lithium-Ion battery is an excellent addition, or start to, any DIYer's HART tool collection. This battery is compatible with all HART 20V power tools. It features Lithium-Ion technology to give you long-lasting and fade-free power to get you through any project you decide to take on. This battery is designed to be compact and lightweight for more maneuverability and while reducing user fatigue. Whether you are maintaining your yard with HART outdoor tools, cleaning and maintaining your car with HART automotive tools or keeping cool and entertaining with HART lifestyle tools, the HART 20V 4.0 Ah battery is there to provide the power you need when you need it with 4x longer runtime than the HART 20V 1.5 Ah Lithium-Ion battery. This battery is sold as a single battery and does not include a charger or a tool.

HART 20-Volt Lithium-Ion 4.0Ah Battery (Charger Not Included)

Key Features

- The 20V one battery system allows you to interchange the battery on all 20V HART products. It powers all HART 20V tools, outdoor, automotive and lifestyle items
- 4X Longer Runtime*
- On-Board Fuel Gauge
- Battery chart that is on the back of packaging
- Works with All HART 20V Tools
- Fade free Lithium-Ion power
- Includes: 4.0Ah 20V Lithium-Ion Battery
- Disclaimer: *Compared to a 1.5Ah HART Lithium-Ion Battery tested on a HART Hammer Drill
- Specs: Battery: 20V Lithium-Ion

Specifications

Features	Specs: Battery: 20V Lithium-Ion
Brand	HART
Assembled Product Dimensions (L x W x H)	6.75 x 6.73 x 3.03 Inches

More Power and Runtime

Get the most power out of your tool and up to 4X the runtime compared to the 1.5Ah battery

On-Board Fuel Gauge

This battery features an on-board fuel gauge so you always know exactly how much charge is left in the battery

HART 20V Compatibility

The HART 20V 2.0 Ah battery is compatible with any and all HART 20V tools

Fade-Free Power

This battery provides fade-free power that will output the same 20V power at 1% charge as it does at 100%

Most helpful positive review

★★★★★ **Battery works well**

We use this battery with the circular saw. The depth gauge feature is very convenient. It is easy to set the depth of cut with the saw. It is nice the blade changing tool can be stored on the saw. There is a gauge that makes it easy to set the bevel angle on this saw. Good battery life. The guard on it is plastic and may not be as durable as others. Parts may be flimsy for heavy duty work. We used it to make a nightstand.

vs

Most helpful negative review

★★★★ **Not a good battery**

Used this 4ah battery with the workshop hand blower on high for about 15 mins then the battery was all the way down to one bar. Tried another battery (4ah) fully charged. Didn't last more than 20 mins. Wouldn't recommend
