VENDOR Reynolds Bags

The "Carpet" bag. The bag that revolutionized the sport of Cornhole. This is the original "Carpet" bag. This series is unique as it's the first bag in the industry not to have a suede or true sticky side. This bag offers the "Carpet" material on one side and the "Touch" material on the other. For more info on the "Touch" material please reference the ProTouch series.

Though these materials are desperately being copied, expect no limitations. This is the series that truly is "As Seen On TV" (ESPN). This bag performs consistently in any and all conditions. Humid, Damp, Sticky, Fast Boards... This bag is a must-have for all players at every level. This bag is the most complete bag on the market. It does it all. You will not find a more hole friendly bag on the market. #CarpetBurns
