

## Pressure Sensitive Labels

**PAPER:** As with all pressure sensitive labels, paper face sheets provide extremely versatile product marking option. These options include many different adhesive structures to meet your packaging specification and a paper portfolio that includes semi-gloss, high-gloss, fluorescent, foil, translucent, metalized and matte-coated face sheets.

**FILM:** Our portfolio of pressure sensitive film labels achieve a “no label look” on a variety of containers, including plastic and glass. They hide square halos, irregular patterns and corners, creating new creative opportunities for transparent, metallic and opaque decoration designs.

## Shrink Sleeve Labels

Shrink sleeve label graphics have revolutionized product sales for everything from beer cans to produce packaging. The 360° display of brilliant artwork will fit most containers and can contour to special shapes. Shrink sleeves labels are durable due to plastic or polyester film material – perfect for products that encounter moisture or friction.

REsolute™ Reclosures

All of our REsolute™ Reclosure products resist water, oils and other liquids in order to support high-quality visual branding where you need it. And the clear and white film face materials featured in these constructions offer the right level of stiffness and flexibility needed for specific types of packaging. We accomplish this through a patented dual action of removable adhesives and select film face materials for a lasting open-close function in the food, home and personal care segments.

Our REsolute™ Reclosures products portfolio is approved for indirect food contact, so these products are an ideal choice for wet wipe packages as well as a perfect alternative to hard closure packaging in dry food applications such as rice, coffee, pasta and deli meat packaging.

## Coupon Labels

Our hinged labels, instant redeemable coupons and clean release cards are all excellent ways to bring immediate impact to your product on the crowded shelf.

These products can provide eye catching designs or deliver additional product information, product recipes, cross promotion sales and point of purchase discounts.

Our products can mix and match different materials and
