CONTACT US

## Commercial Landscaping

Nova has a long history of providing commercial landscape, irrigation, hardscape, and construction services to commercial real estate developers and general contractors in Texas. Services are provided in-house allowing for one point of contact to manage all aspects of the construction process.

## Community Landscaping

Nova Landscape Group combines strong construction skills, horticultural design practices, exceptional resources and experience to deliver the highest quality landscape solutions in the area. We leverage our strong supplier ties and depth of resources to provide the best solution and take honor in delivering projects that exceed our general contractor and client's expectations.
