Because the writing tablet uses Boogie Board's patented technology, you can write with the included stylus or anything you have on hand. When you're ready to erase, just push the button and the writing tablet clears itself using Boogie Board's QuickClear™ technology. No more erasing or wiping.

The Jot reusable writing tablet includes a built-in magnet and kickstand feature using the stylus. Because it uses a replaceable battery, there are no plugs or chargers taking up space.

Great for all ages!

Amber on **Jan 26, 2021**

This is a perfect item to bring on car trips for your little ones. You don't have to worry about them drawing on anything but the pad! Also, we typically keep it on the fridge with a running list of grocery items we may need. We've had it about a year and it's still working just as well as the day we got it.
