Begin Your Journey with Cosmic Vibes

About the Cosmic Vibes Mission

Cosmic Vibes was created to help you unlock the longings of your heart, connect with the mysteries of your spirit, and discover your true essence... with a light-hearted sense of humor.

And we start with the question, "What is your soul's deepest desire?"

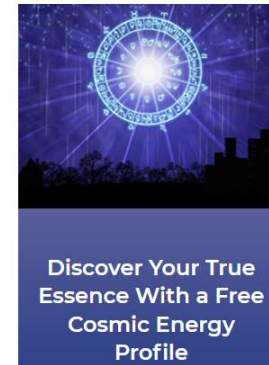

Whether you're just beginning your spiritual journey and are looking for a safe place to explore some of the more esoteric stuff or you're a seasoned traveler of the metaphysical path searching for answers to life's most important questions, we are here to help.

While we're committed to addressing some of the most sacred topics in human history – we don't take ourselves too seriously around here.

We seek to understand the wisdom of those who have come before so we can apply it for the betterment of our modern lives.

We also look to modern science and explorers that are just beginning to prove some of the things the mystics have known for centuries.

Whether it's the astrology of the ancient Maya, the numerology systems passed down by the kaballistic jews, horoscopes drawn from various traditions throughout the world, the tarot of ancient Egypt, or just an inspirational nugget on Tuesday, we've got your back

Think of us as Cosmic Reporters sharing the wisdom we've discovered.
We respect all faiths and spiritual paths and are the proselytizer of none.

your back.
We take our cues from The Cosmos, and she's been around to see it all. We are honored to be with you for a part of your journey and hope to deliver the value you seek along the way.
