VM 2 Food Base Formula

This natural Food base is incorporated in many of our formulas to ensure to ensure complete and natural fortification.

Over eighty years ago when the science of nutrition was in its infancy, Vitaminerals recognized that there were numerous factors in foods that had not been isolated or identified.

After extensive research, we developed the VM 2 Food Base, comprised of fresh fruits and vegetables: alfalfa, fennel, carrot, papaya, ashwagandha, lemon, orange, blueberry, bilberry ext., grape seed ext., asparagus, elderberry, black current, ginger, resveratrol, cayenne, and tumeric.

These whole foods are carefully selected, dehydrated and concentrated, leaving only a pure nutrition extract.
