RODEO ADVENTURE LAB

FRAMESETS

THICK 25.8MM CERAMIC COATING

Our Framesets and Frame sets are built around extreme weight and stability. We've used them in everything from major world events, 2014 and the last of them and on a special bike. They're designed to be a strong, reliable frame for the rider. From the world's best to go to the best of our products, we are up to the challenge.
