In support of Chicago's diverse and legendary music industry, the Department of Cultural Affairs and Special Events have designated 2021 as the "Year of Chicago Music." This citywide focus on music is one of the first of its kind in the U.S. The City of Chicago and its partners working with the local music industry will present "Chicago In Tune" (August 19 – September 19), a new annual music festival; launch a major marketing campaign for Chicago music; provide additional financial grants for musicians and music projects; encourage dialog around inclusion and equity; and call on civic, philanthropic, arts and business leaders to support the music industry.
