Leasing For Bobcat Compact Track Loaders, Excavators, and Skid-Steer Loaders

Leasing Bobcat® equipment is a simple, flexible and affordable way to bring the legendary productivity of the world's toughest brand to your business. With a lease, you'll have fewer upfront costs, lower monthly payments and flexible contract terms. For you, that means better cash flow to build your business.

Plus, you'll enjoy the newest features when you lease Bobcat equipment. That includes the most innovative technology and all of the performance, uptime and comfort improvements included with each new generation of equipment.

FEEDBACK

Leasing Available For Every Bobcat Model

Leasing is available for every Bobcat equipment model, including skid-steer loaders, compact track loaders, mini track loaders, compact excavators, utility vehicles, Toolcat™ utility work machines, and the VersaHANDLER® telescopic tool carrier.

Why Lease Equipment?

Zero Down Payment

Cash flow is important for any business and leasing gives you more flexibility for other investments. For example, you can secure a Bobcat lease without a down payment, which drastically cuts your up-front equipment expense compared to traditional financing.

No Trade-In Hassles

Leasing eliminates concerns about trade-in value that accompany traditional financing. When your lease is up, just bring it back to your dealership, renew your lease or buy the machine for its remaining value. It's up to you!

Newest Equipment Models

When you lease Bobcat equipment, you'll enjoy the latest models for less. Access the newest features, innovative technologies as well as all of the performance, uptime and comfort improvements that you expect with each new generation of Bobcat equipment.

Less Maintenance & Repair Risk

Many repair costs are covered by your machine warranty, and a planned maintenance contract can minimize your maintenance expenses. The low monthly lease payment also makes it easier to add extended warranty coverage that further maximizes your uptime.

Compare Your Options

When you decide between leasing, renting, financing and purchasing, you need to know which one benefits you the most. Many share similar advantages, but not all can offer you the same financial benefits and flexibility to grow your business. We compared the top considerations to help you make the smartest decision.

| | Leasing | Renting | Financing | Cash Purchase |
|--------------------------------------|---------|---------|-----------|---------------|
| Newest Equipment Models | ✓ | -- | ✓ | ✓ |
| Zero Down Payment | ✓ | ✓ | -- | -- |
| Warranty Coverage | ✓ | ✓ | ✓ | ✓ |
| Lower Monthly Payment | ✓ | -- | -- | -- |
| Predictable Monthly Equipment Cost | ✓ | ✓ | ✓ | ✓ |
| More Cash Flow to Grow Your Business | ✓ | -- | -- | -- |
| Expense Your Monthly Payment | ✓ | ✓ | -- | -- |
| No Management of Depreciating Assets | ✓ | ✓ | -- | -- |
