Their data & time of notification seems manipulative towards loss. I found that when I didn't invest then they were sending more notifications when stock price already reached high. And after spending/investing they kept on sending notification when stock price went it's quite local minima (but only...

Great app and have no issues with it just their horrible customer service with compliance. Just know that you cannot call them for assistance and if you email them, do not expect any response for at least 5 hours if not the next day. Been using them for years and everytime I have an issue, I hope th...

The app has been working better for me recently since I've downloaded the newest updates. I raised my rating back up somewhat, seeing as how I haven't experienced any glitches with in the app, lately. I will rate 5 stars once again if it continues to work correctly during moments of high volatility, ...
