Telemedicine & Improving your Veterinary Practice

VetsChoice™ virtually adds **board certified specialists** and other experienced staff to your veterinary practice. Providing you with knowledgeable, experienced sonographers, **expert interpretations** by veterinary radiologists, and **consultations with specialists**.

Your Partner in Diagnostics

VetsChoice™ Radiology is a **full service teleradiology** company with experienced certified veterinary radiologists and staff - all at your fingertips. We offer **routine and stat interpretations** on radiographs, ultrasound, CT, MRI and Contrast Studies.

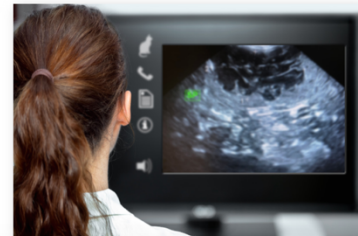

A Dedicated Telemedicine Partner

VetsChoice™ Radiology provides Veterinarians with an integrated solution for streamlining diagnostic testing for your patients.

Teleradiology

In addition to a detailed report and impression, you will have access to our board certified veterinary radiologists and veterinary staff. You will have the ability to prioritize your radiologic cases based on medical needs. Standard turnaround time is 24 hours. STAT preliminary 1 hour turnaround time. Images and reports are archived for 5 years enabling accurate follow up comparisons detailing progression/regression of disease.

We offer expert diagnostic interpretations at a competitive fee schedule. High volume discounts available. Please **contact us** for more information.

Consultations & Second Opinions

VetsChoice™ assists Veterinarians in virtual collaboration with veterinary specialists, to provide improved diagnostics and patient care.

Get expert consultations from VetsChoice™ Radiology while utilizing state of the art diagnostic imaging technology.

We believe in **improved patient care** and **expanding your veterinary practice.**

"VetsChoice™ Radiology has excellent customer service and their stat reads are affordable and a report is always available within an hour! The exams are read by board certified radiologists with excellent quality!"

Saeed Bashir, DVM - Boynton Lakes Animal Hospital
