The wonderful part of this app is that it is user friendly for both the creator and for the person making the recording. I like how you can either use the app or your own device to film. I keep getting so many compliments about how amazing the video turned out and I didn't even do anything! An absolute winner in my books!

Nui Leuangthong-Orr

Memento is the Gold Standard in Group Videos

Our best-in-class platform gives you one place to record, make, and preserve memories from the most important days in your family's life—your celebrations!

Exceptional Value

Start your group video absolutely free. For a one-time payment, receive as many video clips as you need and create a group video up to 60 minutes long.

Free Creative Elements

Customize your own masterpiece with a fun and colorful introductory collage, personalized text, and seamless background music for any occasion.

You're in control!

We want your group video to be perfect. Whether you want to preview it, change it up, or add a late video; there's no additional fee to redo it!
