BUY IT NOW

The E-Wave Tour is a long-distance, 700c Hybrid, equipped with a 650 watt Bafang Hub-drive motor, and a 12ah Lithium Ion battery.

For those that want nothing more than the wind in their hair, sun in their face, and the long open road ahead, American Flyer has built the E-bike with just that in mind!

Comes stock with:

- 1100 Lumen Headlight
- 55 lb capacity rear rack
- Fenders
- Tektro Hydraulic-Disc Brakes
- LCD Display

...and More!

For those that want nothing more than the wind in their hair, sun in their face, and the long open road ahead, American Flyer has built the E-bike with just that in mind!
