### About Sherrin Elliott, owner of Sherrin's Threads...

Sherrin learned to sew at an early age and has been creating for many years. When the customer Steve Elliott (owner of The Beach Shop) needed straps for the ukuleles that were being sold at their store, Sherrin researched and created the signature Hawaiian print canvas straps. Her husband had suggested that guitar straps will accommodate for ukulele straps for large and medium. Over the years the business has grown and business has spread throughout the world due to the overwhelming support of musicians, music store owners and other music product manufacturers.

### About Sherrin's Threads...

Sherrin's Threads offers a large line of canvas straps perfect for ukulele (and guitar!) & more!

Each strap is handmade in the U.S.A. using premium-quality, 100% cotton or cotton/linen blend fabric. Making for a very nice feel, good weight and vibrant colors.
