

We power the world's digital leaders

Top-tier enterprises and providers harness our trusted global platform to bring together and interconnect the foundational infrastructure that fuels their success. With Equinix, digital leaders scale with agility, speed the launch of digital services, seamlessly connect to customers and partners, and deliver world-class experiences.

THE RIGHT PLACES

Place critical infrastructure wherever you need it

Get direct and secure access to leading enterprises and service providers in strategic destinations with unmatched reliability through our network of interconnected data centers.

VISIT DATA CENTERS

The right partners

Connect to everything you need to succeed

Create instant physical and virtual connections to a dynamic global ecosystem of nearly 10,000 companies —each adding new connections on our platform faster than the next 10 providers combined.

NETFLIX

"With Equinix, we can operate in close proximity to many of our top network service provider partners, with access to a platform that ensures the most streamlined path between our content and our end users."

Dave Temkin
Vice President of Network and Systems Infrastructure

"By integrating our cloud and SD-WAN solutions on Equinix's platform, our customers get the speed and flexibility to connect to clouds, SaaS, PaaS, networks, and service providers in their desired locations, which helps us support their business needs and enable a better experience."

Nick Holden
Vice President, Global Strategic Partner Organization
