my 17 yr old original lens cover had yellowed so much, it looked disgusting. it just wouldn't get white again. so my new cover came very quickly, snapped right into place and looks great. although it doesn't have the Genie logo on it, it still looks great. I kinda liked having the logo so people would see that it's just not any garage door opener, it's a Genie.

Exactly as advertised. Looked just like our last cover but without the Genie Logo. Worked great.
