

## Symphony™

Symphony provides an all-in-one virtual event experience that engages your audience to the fullest extent.

[REQUEST DEMO \(/HOME/REQUESTDEMO\)](#)

### WHY WE BUILT SYMPHONY

We wanted to enhance the standard virtual event experience for both you and your audience.

The traditional virtual event experience can stagnate at a link in a calendar invite, but there is a more created experience. With Symphony being native to Cadence, you are able to immerse people into presentation content without sacrificing your already epic event experience. We've added everything you need to emphasize participation and feedback from participants.

## MEETING FORMATS

Symphony offers a modern blended meeting experience for multi-channel content.

### Live Streamed Video

Broadcast a live stream by embedding through Vimeo, Youtube Live or Facebook Live.

### Pre-Recorded Video

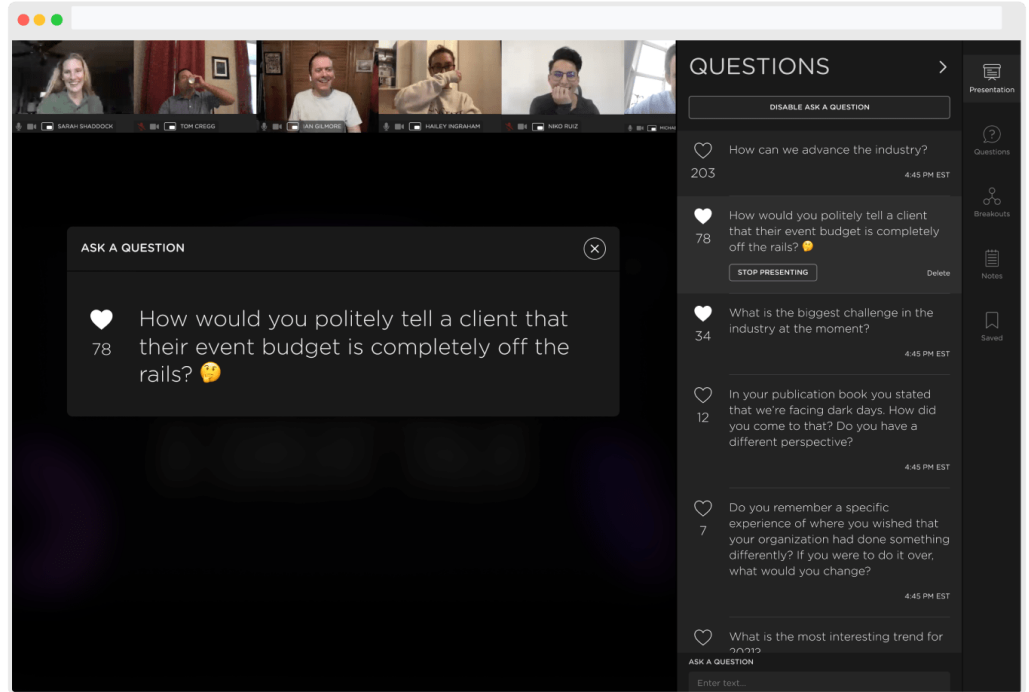

Confidently play a pre-recorded presentation that your audience can watch together as if it was live.

### Slides & Materials

Upload presentations and navigate through the slides you want to show.

## AUDIENCE ENGAGEMENT

Keep your audience's full attention and empower people to provide feedback throughout the presentation.

### Saved Notes

Your audience can take notes throughout a meeting which will then be stored within their profile. Additionally, the saved notes will link directly to the content it references.

### Ask a Question

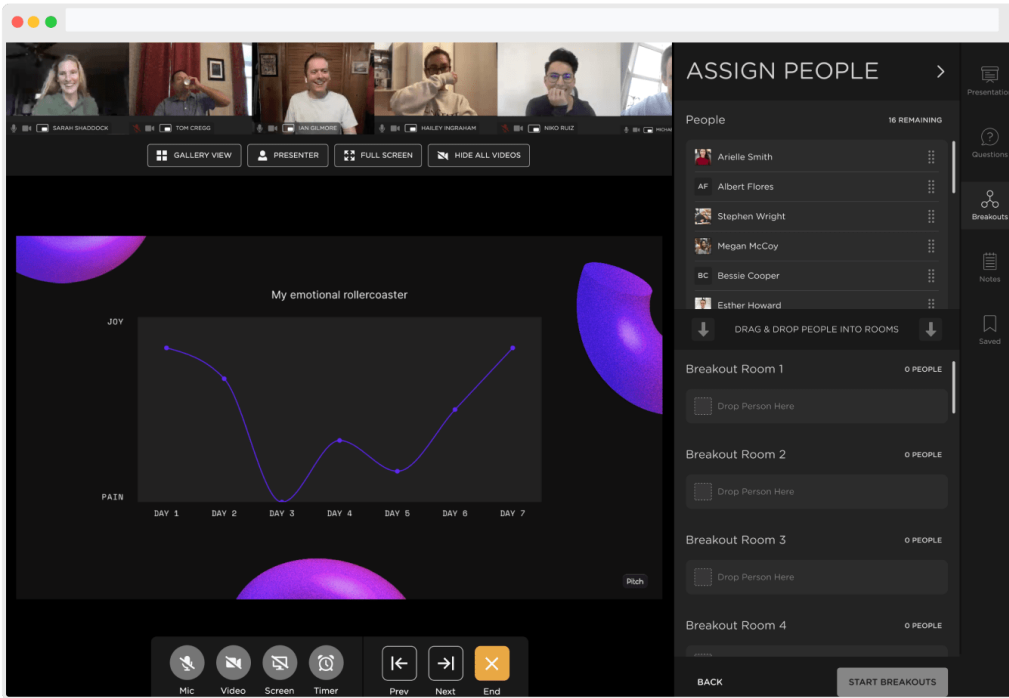

Gather audience insights by letting people ask questions and upvote the ones that resonate with them the most. The host can highlight a question on the screen and answer it live.

### Live Polling

Break the ice, improve learning, and get immediate feedback by using live polling questions throughout the presentation. Preload your questions before the session and get a summary of everyone's answers after it ends.

## SPEAKER & MODERATOR CONTROLS

### Navigate Slides, Quick Jump, & Share Screen

Share your screen or upload presentations slides. You can navigate back and forth or skip to a specific slide.

### Four Speaker Views

Choose between Full Screen, Gallery, Presenter or Hide views to match your unique meeting format.

### Breakout Rooms

Split your audience in up to 25 rooms for more personal interactions. You can assign people automatically or manually drag-and-drop them into their rooms.

## Additional Features

Tailor Symphony to your organization's needs and workflow.

### Countdown

Get a full attendance and get people hyped by clarifying the start time of a session.

### Participants List

Easily see who is in each meeting. The host can mute participants and has control over their audio and video settings.

### Messaging

Not just messaging. Attendees can continue their conversation beyond the meeting. [Read more](#) [Public and Private Channels](#) [Event Types](#) [Pricing](#) [Services \(/CustomerSuccess\)](#)

## Integrations

Cadence plays nice with the systems your organization relies on.

### Agora (Beta)

Speaker & Participant Video & Audio integration through Agora.

### Interprefy

Make your events multi-lingual by translating your session in real-time with human interpreters.

### Zoom (Beta)

Speaker & Participant Video & Audio integration through Zoom.

### Wordly

Translate your events to 15 different languages in real-time fully powered by AI.

### Live Streams

Embed live streams through Vimeo, Youtube Live and Facebook Live.

### Collaboration & Whiteboarding

Embed in amazing collaboration tools like Muro and Mural for interactive workshops.

### Webinars

Embed webinars through Zoom Webinar or GoToWebinar.

“The Cadence team was incredibly responsive and helpful throughout the process, from set-up to event follow-up, we felt great to have them cheering us on remotely! We couldn’t have done it without them!”

**Elizabeth McGhee**

Director of Learning and Development, SMCP

## Meet our Team

Our customer success team will work with you every step of the way, from guiding you through the planning process to delivering an exceptional event experience.

Schedule a free consultation with one of our customer success managers to learn more about how our team can support your event.
