

Cadence Events

March 25 · 🌐

The unbeatable Symphony experience can now be the default for all Appointments 🎉

Symphony is a virtual conferencing system unlike any other - it's an experience.

📌 So, we updated Appointments so that you can now extend the Symphony experience to your individually set meetings.

Networking has never been more engaging and aesthetically pleasing, and all without leaving the Cadence platform for a third party site. 🌱

Learn more about the Appointments feature here: <http://bit.ly/38XVxbt>
