Install

Add convenience, control and peace of mind to your life from anywhere, anytime with Key by Amazon. Key is smart home system that works with your home, garage, and car to bring you closer to what matters the most in life. With Key app, control your door from anywhere, schedule free prime deliveries in your home, garage, or car. It's all at your fingertips.

### Key for Garage

Prime members in an eligible area can have packages securely delivered right inside your garage.

Securely monitor (live stream or clips) or control your garage from Key app.

With Key compatible garage door openers, you get:

- Easy visual guide for installation and setup.
- Get Amazon packages safely delivered to your garage.
- Opt-in or disable delivery features at any time.
- Delivery real-time notifications before and after.
- With an optional camera, watch video clips of who entered and exited your garage, live or recorded.
- Open and close your garage door through Key app.

### How it works

1. Determine your garage door opener's compatibility at Amazon.com/KeyforGarage. You may or may not need a Smart Garage Kit to enable Key for Garage.
2. Follow steps in Key app to install and set up.
3. Enable and shop for eligible items to receive In-Garage delivery.
4. Monitor access history and control your garage door from Key app.

### Key for Home

Securely share, monitor (live stream or clips) or block access to your home. Prime members in eligible areas, can select eligible orders for secure unattended delivery just inside your door.

With Key compatible smart locks, cameras, you get:

- Easy visual guide for installation and setup.
- Lock and unlock your door with Key app.
- Provide permanent or recurring access to your friends and family.
- Watch video clips of who entered and existed your home, live or recorded.
- Get Amazon packaged safely delivered to your home.
- Opt-in or disable delivery features at any time.
- Delivery real-time notifications before and after.

### How it works

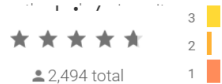

1. Buy a Smart Lock Kit at Amazon.com/KeyforHome.
2. Follow steps in Key app to install and set up the kit.
3. Manage keyless entry, grant defined access for friends, family or guests.
4. Enable and shop for eligible items to receive In-Home delivery.

### Key for Car

Prime members in an eligible area can have packages securely delivered right into your vehicle- at home at work, or other locations in publicly-accessible areas where you park regularly. Offered on model year 2015 and newer Buick, Cadillac, Chevrolet, GMC and Volvo vehicles. Also offered on select Ford model year 2017 and newer, and for select Lincoln model year 2018 and newer. It requires an active connected car service plan, such as OnStar, On Call, FordPass, Lincoln Way.

### How it works

1. Complete one-time setup in the Key app.
2. Select the In-Car delivery option at checkout when you shop on Amazon.
3. On delivery day, just park within two blocks of your selected shipping address. Receive confirmation

★★★★★ August 25, 2021

Works great. Honestly got sick of the constant notifications about the door opening and closing. We are 4 people in the house...oy but that's a quick easy fix in the settings. Other than that, great for prime orders.

#### Carlton Christensen

★★★★★ August 17, 2021

When I came across this option and realized our garage door would interface well with it, decided it would be a nice safety feature for our family. The only down side is our security system is Nest and while not required, wanted a camera in the garage that interacted with Key. Thus I have one ring c...
