About

Chisel and tone your jawline with cooling precision! Defina, our rose quartz double gemstone roller has a unique V-shaped design to sculpt and define the contours of the face.

Roll over acupressure points, while hugging the jawline, cheekbone, and brow bone to promote firmness, stimulate blood flow, and help reduce fine lines with the lasting cooling relief of rose quartz.

Defina

Got this an it really works. I love it. I see a difference already. So happy I purchased it. I feel it works better than the regular rollers for the face.

Daily treat

I massage my face with Defina morning and night after cleansing. It relaxes and revitalizes my skin. I have it by my bed side and I just grab on it whenever I feel like I needed to relax more. Love that it doesn't need batteries or plugs. Very handy tool and quality is really durable.
