

The screenshot shows the top navigation bar of the Chemtrec website. It includes a search bar, a language dropdown set to 'English', and links for 'Register by Phone: 1-800-262-8200', 'Register Online', and 'Login'. Below this is a yellow banner with the '50 CHEMTREC ANNIVERSARY' logo on the left and 'CHEMTREC SUMMIT' and 'LEARNING ACADEMY' buttons on the right. A dark grey navigation bar contains links for 'ABOUT', 'EMERGENCY RESPONSE', 'HAZMAT TRAINING', 'CRISIS MANAGEMENT', 'LITHIUM BATTERY SOLUTIONS', 'OTHER SERVICES', and 'RESOURCES'. The main content area has a dark background with a diamond pattern and features the breadcrumb 'CHEMTREC // Lithium Battery Solutions //', the title 'Lithium Battery Test Summary Regulations', and a 'GO TO LOGIN' button.

Comply with the latest lithium battery test summary regulations

Dangerous goods regulations now mandate that manufacturers and distributors of lithium cells and batteries make their test summary data available to anyone in their supply chain—this includes equipment powered by lithium cells and batteries. While the information isn't required to be shipped with the batteries, it must be available to anyone in the supply chain who requests it.

Manage test summaries with CHEMTREC

To ease the burden of complying with this complex regulation, CHEMTREC offers CRITERION®, a document management system for lithium battery test summaries. CRITERION provides a central source to maintain lithium battery test summary reports and make them available upon receiving a proper request. It can also be customized to meet the unique needs of your business.

Key features and benefits:

- Log in to your company test summary library where you can view, upload, or download relevant documents.
- Delegate CHEMTREC to source test summary documents that are not yet in your library.
- Use CHEMTREC as a third-party provider to respond to test summary requests.

A yellow sidebar widget titled 'Customer Login'. It contains the text 'Access your lithium battery test sur account online.' and a 'GO TO LOGIN' button with a right-pointing arrow. To the right of the text is a white chat bubble icon with a red speech bubble inside and the text 'LIVE CHAT' with a right-pointing arrow.

- Create an external link for your company website or intranet that connects directly to your test summaries.
- Limit access based on customer specifications and security requirements.
