Now more than ever it's important to monitor the spread of illness. Lysol Germ-Cast™ lets you track daily levels of COVID-19 and Flu in your area.

You can explore a map to see illness levels across the United States and scan the daily history. Are you planning a trip or monitoring a family member's location? Just save their location to easily access [lets more](#)

What's New

[Version History](#)

We've improved the consistency of notifications when a change is detected in a saved location. Battery life should be slightly improved as a result too. Daily COVID cases will now be reported as a 7-day moving average to be more consistent with other reporting services. We also fixed a few small bugs.

Version 1.0.58

We appreciate you using Lysol Germ-Cast™, if you have a moment please leave us a review. We value your feedback.

COVID go away 2020
I love this app! I like how each day the new # of cases is shown like a forecast so it's easy to read and compare. Also love how there are new tips to stay safe everyday. It's a good more
