VOYAGER®

usbank

Voyager Mastercard

Control

- **Industry-leading reporting tools.** Complete level III fleet data provides line-item insight into every purchase, including non-financial transactions at private fueling sites.
- **Seamless account maintenance.** Track, update and manage all fleet operations and payments. Capabilities include robust reporting tools, real-time account maintenance, and controls and alerts to stay informed and in control of expenses.
- **Direct data integration.** Support existing business processes with seamless integration into your existing financial, telematics and fleet systems for a comprehensive view of operations.

Cost savings

- **Purchase control.** Leverage robust controls including PIN, odometer, vehicle/driver ID and customizable fuel pump prompts to reduce fraud and prevent misuse.
- **Optimized routes and fueling.** The Voyager Mobile App allows drivers to pinpoint the most efficient fueling locations with real-time information on current prices and available routes.
- **Merchant discounts.** This feature allows fuel providers to accommodate negotiated discounts – including cash price or reprice at truck stops.

Customer service

- **Unrivalled customer service.** Available 24/7, whether you're in the office or on the road.
- **Value-added services.** Get preferred service and pricing on roadside assistance as well as glass and vehicle replacement from several nationwide service providers including the National Automobile Club and Enterprise Rent-A-Car®.
