what's great about this kit

01

All-in-one solution

Stop having to ask yourself, "Do I have condoms? What about lubrication?"

02

Premium quality and design

Every detail—from condom wrappers to lubricant texture—was considered to enhance sexual activity.

03

Safety first

When used correctly, the condoms can help prevent STIs. The lubricant is safe for a wide variety of applications.

aloe-based lubricant for a better sensation

Natural, human feel

Our lubricant feels like an extension of people, not a goopy slip and slide.

No sticky ickies

Specially formulated for a smooth feel, you barely notice this lubricant is there.

Easy cleanup

Clean off this lubricant in seconds with a quick rinse.

we're sensitive to your sensitive parts

— The mood should be “oooh” not “ouch.” But there can be some funky ingredients in other formulas. That’s why we took extra care to make this personal lubricant fragrance- and paraben-free, pH balanced for vaginal health, and ultra hydrating.

go on, enjoy each other

— We went the extra mile to help you have intimate sex. Little details can mean the difference between good and great, so we focused on replicating natural feelings and tackling annoying “why won’t this open?” and “yikes, that’s sticky” moments.
