### Jigsaw Blu-ray

Bodies are turning up around the city, each having met a uniquely gruesome demise. As the investigation proceeds, evidence points to one man: John Kramer. But how can this be? The man known as Jigsaw has been dead for over a decade.

## Editorial Reviews

### Product Description

Bodies continue to turn up when the notorious Jigsaw killer returns for the eighth installment of one of the most successful horror franchises in history!

In the latest terrifying installment of the legendary SAW series, law enforcement finds itself chasing the ghost of a man dead for over a decade, embroiled in a diabolical new game that's only just begun. Has John Kramer, the infamous Jigsaw Killer, returned from the dead to commit a series of murders and remind the world to be grateful for the gift of life? ★★★★★ **Great Re-boot to the classic Saw franchise**

Reviewed in the United Kingdom on March 13, 2018

Verified Purchase

I wasn't sure what to expect after the original saw franchise ended and also how that final film finished almost tying up so many loose ends

I have to say I was pleasantly surprised with this film, true to its saw roots but approached in a way that has allowed them to almost start again in a new series of films and although I was expecting to see a reprise of the key characters from the final Saw it worked just a well without

A great way to have John 'jigsaw' Cramer involved in this film considering the character apparently died in Saw 3, and didn't see how that was working until the end twist  
Clever and worth the watch

★★★★★ **Only one thats missing from my collection, but my least fave film of the franchise.**

Reviewed in the United Kingdom on March 26, 2020

I am a huge fan of the SAW franchise. When this was due out at the cinema I straight away booked tickets and was very disappointed that on its release date, when I went to see it, the cinema was empty!! Just us and one other couple. I must say though I was really disappointed, I consider this the worst film of the series, but as its the only one I'm missing from my dvd collection I need to get it. Plus looking forward to the extras on this dvd Spoiler alert!! I don't think they should have killed off detective Hallahan as he was

the scores on this website are a bit low. I think they should have rated it 8.5/10. It's my fave character in the film. I would have liked to have seen him in the next one. I love the option where you can have the directors explaining the film as you watch it.

★★★★★ **Fantastic new chapter to a brilliant horror franchise.**

Reviewed in the United Kingdom on September 16, 2019

Bought for my adult son who is a big fan of the franchise. To be honest none of us were sure how they were going to pull this off, being as the last movie tied everything up. I know that's a bit vague but it's really difficult to write a review of a film without including spoilers. Anyhooo, this film is great. Stays true to the Saw franchise but fresh enough to breathe new life into the franchise. We really enjoyed watching this and hope it gives rise to more.

As with all saw films it can become confusing at times, especially as is traditional with these films we see flashbacks, but you don't know which are now or history until the end. I had to watch this twice to understand everything. As a stand alone movie it's good, but compared to the saw films, not so good. Saw 1 remains by far the best with a killer twist at the end, and interesting there is far less gore in Saw 1 than the rest of the series

### ★★★★★ Great Re-boot to the classic Saw franchise

Reviewed in the United Kingdom on March 13, 2018

**Verified Purchase**

I wasn't sure what to expect after the original saw franchise ended and also how that final film finished almost tying up so many loose ends

I have to say I was pleasantly surprised with this film, true to its saw roots but approached in a way that has allowed them to almost start again in a new series of films and although I was expecting to see a reprise of the key characters from the final Saw it worked just a well without

A great way to have John 'jigsaw' Cramer involved in this film considering the character apparently died in Saw 3, and didn't see how that was working until the end twist  
Clever and worth the watch

### ★★★★★ Only one thats missing from my collection, but my least fave film of the franchise.

Reviewed in the United Kingdom on March 26, 2020

**Verified Purchase**

I am a huge fan of the SAW franchise. When this was due out at the cinema I straight away booked tickets and was very disappointed that on its release date, when I went to see it, the cinema was empty!! Just us and one other couple. I must say though I was really disappointed, I consider this the worst film of the series, but as its the only one I'm missing from my dvd collection I need to get it. Plus looking forward to the extras on this dvd. Spoiler alert!! I don't think they should have killed off detective Hallahan, as he was my fave character in the film. I would have liked to have seen him in the next one. I love the option where you can have the directors explaining the film as you watch it.

**★★★★★ Fantastic new chapter to a brilliant horror franchise.**

Reviewed in the United Kingdom on September 16, 2019

Bought for my adult son who is a big fan of the franchise. To be honest none of us were sure how they were going to pull this off, being as the last movie tied everything up. I know that's a bit vague but it's really difficult to write a review of a film without including spoilers. Anyhooo, this film is great. Stays true to the Saw franchise but fresh enough to breathe new life into the franchise. We really enjoyed watching this and hope it gives rise to more.

Reviewed in the United Kingdom on October 18, 2018

As with all saw films it can become confusing at times, especially as is traditional with these films we see flashbacks, but you dont know which are now or history until the end. I had to watch this twice to understand everything. As a stand alone movie its good, but compared to the saw films, not so good. Saw 1 remains by far the best with a killer twist at the end, and interesting there is far less gore in Saw 1 than the rest of the series

#### ★★★★★ An excellent continuation of the Saw series

Reviewed in the United Kingdom on June 13, 2018

Verified Purchase

Jigsaw is the 8th film in the Saw series. After the so called Saw Final Chapter (Friday The 13th did the same with their so called Final Chapter) Jigsaw is back. The film is really enjoyable and is an excellent continuation to the series. The film is quite gory in places with the traps up to their usual violent/twisted standards. It is also good to see the wonderful Tobin Bell reprise his role as John Kramer aka Jigsaw. The blu ray sound and picture quality is excellent. There are a few special features on the traps of saw and an entertaining commentary track. All in all a really enjoyable horror film and an excellent addition to the Saw series. I hope they make more.
