ABOUT US

Taking residence inside a nearly 5,000 sq ft former garment manufacturing building, The Big Mini is Chicago's first, dedicated indoor 9-hole mini golf course. The 9-hole course was designed and built by its owners to be challenging yet fun for all skill levels. The course and bar design harkens back to simpler times: when you could spend your summer nights challenging your family, friends, and/or foes to a couple rounds of mini golf – then cool off with a slushie.

Oh and we're not really a "club." Just a place to have some old school fun and get some delicious drinks.

THE COURSE

Handmade in Chicago

The 9-hole course was designed and built by its owners, Austin and Nick, in their makeshift basement workshop. Each hole went through a rigorous design, build, and test process before it came to life for you on the course.

Generally the holes are designed to avoid the "kitschy" and accentuate the challenge of making par. We want you to want to come back and beat your best score. Think you're going for a record? Let us know – we want to cheer you on.

Also – Austin spends his days dreaming about new hole designs, and if you ever catch him at the bar and have an idea for one, he's all ears. He has a book of about fifty new hole ideas that he just might run by you, too, so be careful.
