### Our Story (20 Years in Business)

We recently celebrated being over 20 years in business! We've chosen to build a healthy business with a pure focus on one continent. We're now leading experts on employment in North America.

### Our Tech (Precision)

Frustrated with what was available in the market we embarked on a journey of investing for the future. Our 20 years in business meant we knew exactly what we wanted to build and our system, Precision, is now part of our DNA and has become our point of separation.

### What We Love About NYC

10 years ago, our CEO made the decision to move our HQ from Seattle to NYC and we haven't looked back since! Our team share what they love the most about living and working in NYC.
