## About

Aventine is a privately-held real estate investment trust (REIT) with a strong balance sheet, seasoned REIT management team, and access to institutional capital. We provide non-dilutive, 100% LTV real estate capital solutions, ranging from \$1 million to \$30 million via long-term, triple-net leases. We offer competitive terms, flexible structures, and nimble execution on the acquisition of existing cannabis properties or the ground-up development of retail dispensaries, cultivation, and manufacturing and processing facilities. We partner with successful licensed operators at the local, regional, and national levels.

Our broad expertise encompassing institutional real estate, capital markets, and cannabis gives us a comprehensive understanding of this unique and nuanced marketplace, and enables us to tailor our deal structures to meet almost any real estate financing need.

Aventine is headquartered in Chicago, Illinois.
