Snow Balsam Candle
\$20.00

Imagine a walk in the pine forest to choose a Christmas tree. There is a hint of snow in the air, and you wrap your scarf to ward off the cool, crisp chill. The fir trees are heavy with aromatic resin, and green sappy pine needles. As you trim the tree to take it home, the cedary woodiness gives depth to the scent. Decorating the tree with lady apples, clementines and spice garlands of cinnamon and clove complete the experience, combining all of the outdoor and indoor inspirations into one holiday scent.

Salted Caramel Candle
\$20.00

Homemade caramels are made by melting sugar until it is golden in color. Cream, butter and condensed milk are added with a vanilla bean to make a rich, mouthwatering caramels and this decadent candle scent.

Red Apple Candle
\$20.00

The scent of a crisp, just-picked apple, captured in a refreshing candle. A whisper of warm sunshine and cool air finish the experience.

Blonde Rose Candle
\$20.00

The fresh floral aroma of roses is embodied by this scent; simply the best rose fragrance available in wax

Oudhi Candle
\$40.00

Notes include: Multifaceted amber, exotic woods, sandalwood, labdanum, elegant musks, saffron and a hint of whiskey.

Atelier Arienti's first scent, Oudhi, was inspired by the resonant sound of the cello. While the cello typically provide harmonic support to higher pitched instruments, alone it has a haunting, soulful beauty. Oudhi has a similar structure, allowing the rich base notes to sing, unfettered by fussy florals.
