Celebration® Bermudagrass

Celebration® Bermudagrass is a deep blue-green turf grass that has finished best in numerous university research studies for wear tolerance and recovery, drought resistance and tolerance, and bermudagrass shade tolerance. Found in professional and college sports venues, golf courses and home lawns, Celebration Bermudagrass performs well across a variety of applications. Celebration Bermudagrass is currently being used throughout the southern United States and around the world.

Celebration® Bermudagrass is a patented and trademarked product of Sod Solutions, Inc.
