ENGAGE – The Contract Packaging and Manufacturing Experience

Registration is in full-swing for CPA's ENGAGE – The Contract Packaging and Manufacturing Experience. March 1st – 3rd, 2022, in Clearwater, Florida, is the date and location for the largest networking event for the Contract Packaging and Contract Manufacturing industry, its customers, and suppliers!

Take advantage of early bird pricing and save \$200 on your **registration** fee today.

Over 200 attendees are expected to attend the 2022 in-person meeting, being held at the Hilton Clearwater Beach Resort and Spa in Florida. Attending this event will allow you to connect with existing partners and network with new potential prospects.

Current working agenda topics include:

- Economic Impacts - Trends and Insights

- CPG Panel Discussion on what is next for the industry
- Workforce, Labor and Regulations Panel Discussion
- State of the Industry Trends and a look to the future
- Cyber Security, its impacts and prevention
- A look at packaging trends and the consumer

CPA's Annual Event is where the industry meets, collaborates, networks, and exhibits. Be sure to register today!

Looking for Comprehensive Data on the CP/CM Industry?

2021 STATE OF THE INDUSTRY REPORT

An in-depth report on the contract packaging and contract manufacturing industry serving the US Food and CPG sectors (CPICM). This updated edition is based on over 100 interviews with industry CEOs, COOs, and other key CPICM leaders, and combined with extensive primary and secondary industry research. It also includes results of interviews with food company executives served by CPICMs as well as equipment companies and suppliers to the CPICM industry.

The Contract Packaging Association's State of the Industry report provides deeper industry insight, increased market intelligence, and conclusive future trend analysis. This report is valuable to contract packagers, contract manufacturers, private equity investors, industry suppliers, and customers alike!

This report goes beyond the numbers with input from over industry owners, CEOs, and other key executives, as well as quantitative primary and secondary research.

The new 2021 State of the Industry Report is a benchmark study on the state of the industry.

The State of the Industry Report includes:

- Defining the Food/CPG industry by scope and revenue
- Industry CAGR 2021–2025 by sector
- Post pandemic trends
- The continued expansion of Private Equity
- Industry consolidation trends
- Customer views on the changing marketplace
- The current labor market and widening talent GAP
- Demographics on size, company age, locations, revenue
- Enterprise technology implementations and penetration rates
- Offshore and Mexico-based competition
- Sustainability trends...and much more

November 30th PMMI End-of-Line Equipment Webinar

PMMI's End-of-Line (EoL) White Paper provides a comprehensive view of the developments shaping the EoL space. The white paper will review the current size and future growth of the EoL equipment market, explore the prominent trends directly affecting EoL operations, and delve into EoL machine attributes and services most desired by end users. For OEMs and suppliers, the EoL White Paper will be a valuable tool for understanding how to position their EoL equipment and services in a competitive and growing market.

Please join Paula Feldman, Senior Director of PMMI Business Intelligence and Donna Ritson, President of DDR Communications, on Tuesday, November 30 at noon ET, as they discuss their latest white paper!
