HOW IT WORKS

We bring you the best content from traditional and digital networks, presented just as linear and on-demand channels on your streaming devices. Navigate through your pick of 190+ channels, enjoy live events, breaking news, viral videos, full TV series, endless cartoons and more.

Pause, **rewind**, or simply hop to another video; all while watching exactly what you want.

Not sure what to watch? We have recommendations tailored to your tastes – whether you feel like a laugh, a scoop of celebrity gossip, or an adrenaline rush.

WHO WE ARE

We are a young company based in Irvine, California. Our ambition is to create a platform that make finding and watching awesome content easy and enjoyable.

XUMO is here to entertain, engage and inform everyday people in every aspect of their lives by delivering a personal, valuable media experience through everyday touch points such as smart TVs, mobile devices, streaming box applications and free channels built into mainstream streaming services.

XUMO also delivers over 200 pure-play channels for vMVPDs such as Samsung TV Plus, The Roku Channel and six others. Outside of the U.S., XUMO powers 190+ channels in the UK, Canada, Brazil, Germany, France, Spain and Italy via LG Channels for LG smart TVs.
