Storage and Transport Logistics to Fit Your Needs

LTL & FTL Options

Explore less than truckload (LTL) and full truckload (FTL) shipping solutions using PODS containers in three sizes transported on our nationwide network — with **expertise in urban areas.**

Handled With Care

We handle your shipments with level-loading technology, shipping containers, and dedicated support to minimize any chance of damage. Secure packing and loading assistance is available.

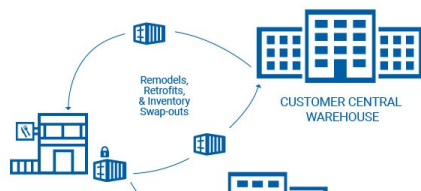

Storage Included

In addition to offering LTL and FTL transportation, our containerized solutions include on-site and off-site storage that you can use to implement cost-efficient, last-mile delivery services.

Streamline Your Supply Chain Management

Need help with coordinating the logistics of shipping, distribution, and storage? Watch to discover how PODS can help streamline your supply chain.

Possibilities for LTL

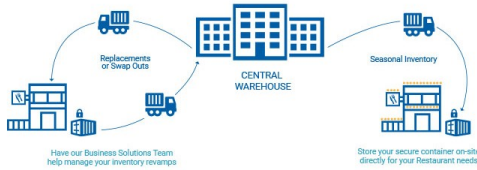

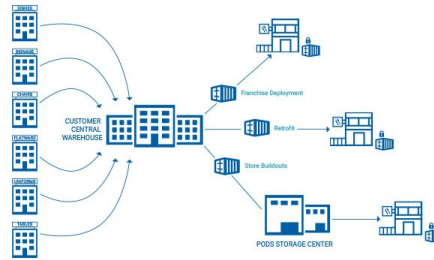

PODS offers secure LTL shipping that's trusted in the supply chains of enterprises big and small. Unlike other companies, PODS ships your freight in just one container instead of combining it with freight from other companies.

This minimizes the chance of damage and extra unloading.

Distribution Mapped Out

Whether you need LTL or FTL shipping cross-country or across town, our supply chain management solutions fit your goals. Expert drivers, high-security containers, and level loading technology that minimizes damage combine to reliably take your freight from manufacturer to end destination.

Logistics Specialists

PODS Business Solutions Specialists are trained to understand your industry, supply chain, and the unique logistics challenges you face. You can have confidence they are providing containerized shipping solutions with pinpoint accuracy via the PODS nationwide network.

Get Scalable Support

Whatever you need help with, PODS logistics and supply chain solutions that fit. Here are the numbers to prove it:

- 220,000 Shipping Containers
- 200+ Indoor Storage Facilities
- 14,000 Cities Served
- 4+ Million Deliveries
- 2% or Less Damage Claims

PODS Logistics Makes Business Moves Easy

What makes PODS logistics and supply chain solutions stand apart from the competition is our patented PODZILLA® loading system. It keeps your container level to minimize the chance of damage when loading and unloading at distribution centers, manufacturer's facilities, PODS Storage Center, or at your site.
