Notice

December 12th at midnight CST will be this year's cutoff in order to make sure we can open all new customers Solo 401(k)s before the important IRS/DOL December 31st deadline. All Solo 401(k)s purchased after this cutoff will not be fulfilled until after January 2nd. If you are considering a Solo 401(k), please make your decision in November or early December while there will still be plenty of time for you to sign and approve appropriate documentation and organize year-end contributions with a CPA. Plans established after the deadline but before tax time can have reduced contribution capabilities. This cutoff date is non-negotiable and no exceptions will be granted.

What is a Solo 401(k)?

For those looking to get the most out of their retirement savings, the Solo 401(k) is the best option currently available. Those who qualify for the Solo 401(k) can contribute up to \$57,000 annually (more if you're 50 or older) and invest in any asset allowed by the IRS, all while not paying an arm and a leg in fees.
