Who's up for sleeping directly on the cold, hard ground or on squeaky, leaky air mattresses?

Show of hands? No one? You deserve to wake up fresh for any adventure. Whether hitting the trail for a hike or a ride, climbing that rock face, catching a wave, or just chilling with a book and keeping the campfire stoked, give your body a well earned rest and upgrade to a legit night of sleep.

For vehicle roof top camping, the Rev Tent can be mounted directly to any flat platform style roof rack (48"x 84" / 1220mm 2134mm or larger) by popular brands like Front Runner, Yakima and Rhino.

For vehicle roof top camping without the appropriate sized flat roof rack, use the optional Rev Platform. The Rev Platform mounts to most cross bars and roof racks just like a traditional Roof Top Tent.

For the most comfortable sleep on the Ground or in the bed of a Pick-up Truck, no roof rack or base platform is needed. The Rev Tent is ready to camp right out of the box!

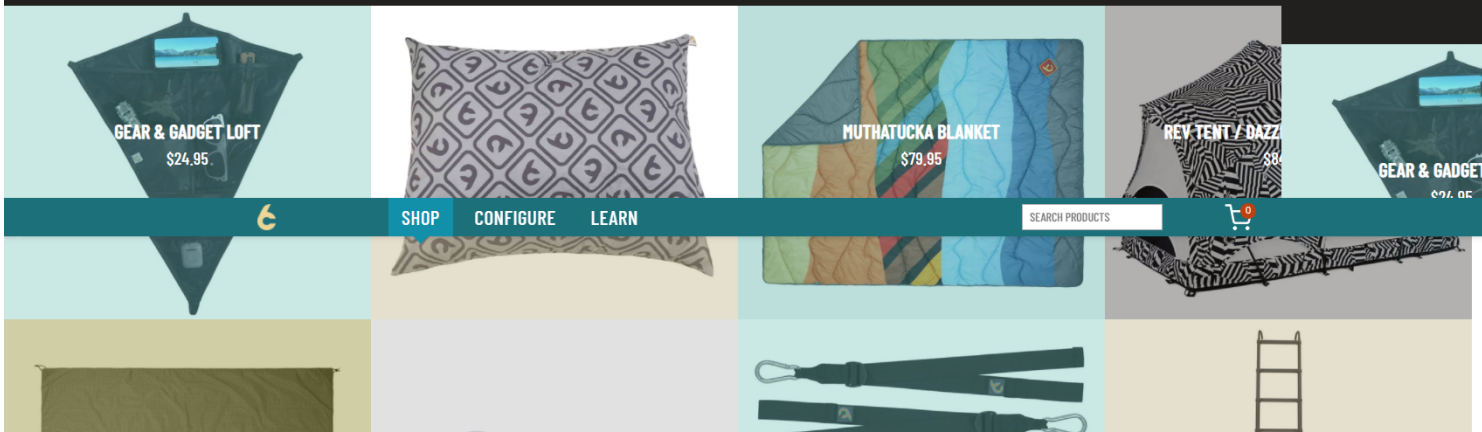

Rev Tent Features:

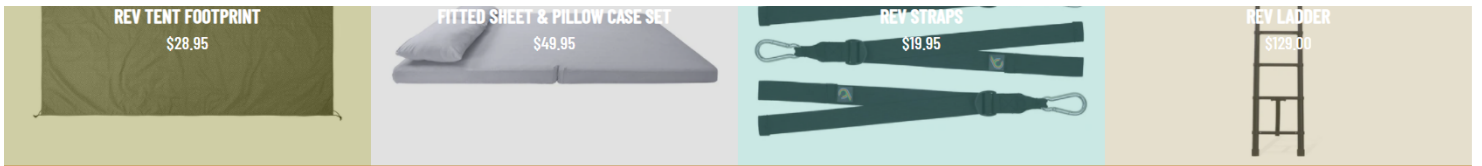

- A comfortable tri-layer 4" foam mattress w/ puffy quilted topper
- 4 doors/windows with zippered screens for views and superior ventilation
- Weighs only 25 lbs / 11.5 kgs. 1 person easy lift on and off vehicles and in and out of garages
- Set up time 3-5 minutes - Just unzip, flip open, and assemble 6 poles
- True 4 season - Dual layer with fully waterproof coated 150d outer fly
- 4 built inside pockets for gear, water bottles, keys, etc
- Zippered cable port for solar and charging cables
- Maximum headroom for *roomy roominess™* (jk on the TM, but it is the roomiest of roomy at 3'2" / 96.5cm tall!)
- Anodized 12mm 7001 aluminum tent poles
- Zippered storage case - Entire tent folds into the weatherproof 400D nylon outer shell for transport
- 6 interior hooks for organizing and light hanging options
