Just because we provide jockey boxes to some of the biggest names in the alcohol industry nationwide doesn't mean you need to own a brewery, bar, or restaurant to take advantage of one. This is where professional quality meets portability.

This durable 2 Tap Roto-molded edition always covers the spread for any gameday parking lot parties. They're compact, user-friendly for even the greenest novices, and will save you time, energy, and money. When compared to trying to supply a similar volume of your favorite beverages in bottles and cans, dispensing from a portable draft system just makes sense. Trust us—our jockey boxes are the tailgate life-hack you need. Who's the real MVP? Yeah, you are.

---

## Highlights ^

- Heavy-duty Roto-molded cooler
- All stainless steel construction
- Reinforced coil to shank assembly designed to prevent blowouts
- Heavy-duty shank washers allow you to properly tighten your faucets and hold custom tap handles
- Each 50' coil holds and continuously over a pint of liquid
- Custom COLDBREAK® Design
- Every jockey box is hand-built in Michigan by COLDBREAK® and backed by our [warranty](#).

### Great for tailgates and backyard parties

Adam on Aug 22, 2021

As an avid homebrewer, This is a great way to serve a cold homebrew or two to your closest friends during a tailgate, picnic or backyard party! It also is a great conversation starter, if you're looking to meet new beer loving friends. 🍺

This past weekend, I celebrated my birthday with a Lager on one tap, and homemade peach soda on the other tap, both were fantastic!

Keep up the good work Coldbreak!
