Dedicated to Ancient Royalty

OSHIN

Oshin makes limited quantities; barrel-fermented Voskehat for white and barrel-matured Areni for red.

ABOUT OSHIN

Oshin was founded in 2017 by Vahe Keushguerian, Vahe Gabrache, and Arman Manoukian. Oshin is a small production wine; grapes for Oshin are grown by 2 grape-growers in Vayots Dzor and grapevines are approximately 40-60 year old, yielding grapes that are ripe and deeply concentrated in flavor. Oshin produces approximately 700 cases of wine on an annual basis.

“Being Armenian takes endless patience, resilience and wisdom. And so does making wine.”

Vahe Keushguerian, Founder
