An Air-Encompassing Economy
Culturally in 2020, the conversation around racial injustice has hit a breaking point. COVID-19 exacerbated inequities in health outcomes for Black and Latino Americans, and in the wake of George Floyd's death, we've seen a massive movement against systemic racism. The people have spoken...

A New Peace of Mind
2020 has been a year of instability and upheaval, so it's no surprise many of us have been especially focused on our security. And that comes in many forms - securing our health, our homes, our finances, and even our digital lives. We used to talk about 'safety in numbers' - but during the...

The Changing Face of Urban Space
The global pandemic has made many of us think differently about the cities we live in. While lockdowns closed many of the amenities that make cities desirable, work-from-home orders showed us we can really work from anywhere. Hosts Shannon Murphy and Erin Shea are joined by equity...

Crying Over Spilled Milk: The Disruption Solution
The outbreak of COVID-19 has exposed major weaknesses in our global supply chain. Governments, manufacturers, retailers, small businesses, individual consumers - all have been hit hard by the shutting down of international borders and travel stoppage. For some, supply has been the problem...

Really bad
Got recommended to this by another podcast like, and wow, after listening, this is bad. Okay, it's an advert for Jefferies, fine, but it's so shallow. They present things that are... [more](#)
