The Berkley Jensen 13' x 13' Instant Canopy provides 170 sq. ft. of shade with 10' x 10' base and extended eaves. This instant canopy features 30 x 30mm steel tube legs that allow for three height adjustments as well as a 11x22mm steel eave tube with all bolt and nut hardware. The Berkley Jensen 13' x 13' Instant Canopy is made with a 150D polyester vented top for cooler shade with 99% UV protection.

With patented EasyLift technology, setting up your canopy is a snap, even if you're by yourself, as EasyLift allows one person set up or take down in 60 seconds or less. Just open, push up, twist and extend. The EasyLift hub also locks securely into place and comes down just as easily. New AutoEave technology saves extra steps to open and fold the canopy. For easy portability, the Berkley Jensen 13' x 13' Instant Canopy includes a wheeled carrybag. Four included ground stakes keep the canopy secure while in use.

★★★★★ 5 I would definitely buy this product again.

Love this canopy. Easy set up and take down. Bought it for our beach vacation and it worked great. For the price you can't beat it.

Bottom Line Yes, I would recommend to a friend

★★★★★ 5 Best canopy for the price!

My wife got this to do crafts shows and she had her first show this past weekend. It set up relatively easily, with just myself and our 10 year granddaughter doing the work. It is very spacious while providing lots of shade. I would say we had the most attractive canopy at the show. It looked great. Take down was easy. It's a little tight getting it back into the rolling bag, but it fits.

★★★★ 4 Nice and easy, looks great

The thing sets up real easy with two, but I have set it up and taken it down myself. People commented on the size and looks favorably. I tend to keep it one notch lower during windy times, really don't need the height, but you won't feel cramped inside. The only concern is the roof material and how long it will last. I recommend AJ spraying with a sealer, and BJ look for 4 patches where it bends in on the roof. Tape those. They will leak. Other than that, well worth the money. The extra width allows more side room for an 8' piknik table, so you won't get wet when it rains. And still a good amount of standing, sitting room to boot. MUCH better than a 10 10.

Bottom Line Yes, I would recommend to a friend

5 Great value for the price

We used this on our patio and I know they say not to be used for extended periods of time, but we got a little lazy and kept it up for a few weeks. It held up with no problem through a couple good wind storms. Looks beautiful and we received lots of compliments.

Bottom Line Yes, I would recommend to a friend

5 Great design

This canopy is very easy to put up. Easier than the brand name one. It is also vented in the center and because of the foot and a half over hang past the legs it covers more. Best canopy I've ever used and I'm a retired recreation worker.

Bottom Line Yes, I would recommend to a friend

5 I would and want to buy again!!

Love this canopy. Tried to buy it again but sold out. I want two more. Please sell it again next year. Beautiful looking, easy to set up and extra protection due to size. Would highly recommend.

Bottom Line Yes, I would recommend to a friend

5 I would buy this product again

Excellent for the price and looks really nice. We actually want to get a second one but it was sold out. My husband had to travel to get one. I was impressed with the quality. My brother and family members gave us many compliments.

Bottom Line Yes, I would recommend to a friend

5 perfect size

I purchased this Canopy for a back yard cookout I was having and the forecast was rain. It worked out perfectly and kept us all very dry.
