Quality Used Vehicles at Great Prices

If you're not in the market for a new Toyota, we've still got you covered. We have hundreds of 'like-new' used cars in stock, for less of a financial commitment. Toyota of Plano makes sure each of our pre-owned cars goes through a meticulous, multi-point inspection before it's even placed on our lot. Our used Toyota car dealership, serving Dallas, Plano, Frisco, Lewisville and McKinney, offers a huge selection of only the best and most reliable vehicles.

One of the used car buys on our lot is a Toyota Certified Pre-Owned vehicle. These vehicles come with a factory warranty, are limited in age and mileage, and have gone through an incredibly rigorous certification process in order to be deemed "Toyota Certified." They offer practically all of the benefits of buying a new Toyota car, truck, van, or SUV at a lower price.

In addition to great finance rates on new Toyotas, Toyota of Plano can also arrange for a low interest car loan for your used vehicle purchase. Many shoppers are under the impression that you can't get a quality rate if you're buying used rather than new. That's simply not the case at Toyota of Plano. We have relationships with a wide range of local, regional, and national lenders who can work with all kinds of financial situations. Even if you're a first time buyer or have less than perfect credit, we can get you into the new or pre-owned car, truck, van, or SUV you've always dreamed of!

Our ASE certified technicians are highly-trained in each Toyota model, enabling them to make efficient and quality Toyota auto repairs with painstaking perfection.
