## WHERE EVEN A SIMPLE TIRE ROTATION REVOLVES AROUND YOU

Bringing your vehicle in for service shouldn't take everything out of you. Every new Lexus comes with complimentary first and second scheduled maintenance services. These services are provided at 6 months/5,000 miles and 12 months/10,000 miles, whichever comes first.\* Regular service on your vehicle will help you get the best level of performance, safety, reliability and even resale value down the road. When the complimentary service runs out, continuing service at recommended intervals at a Lexus dealership ensures the highest-quality parts and repairs along with competitive prices. And since it's all done under one roof, we can save you time, too.

### CERTIFIED LEXUS TECHNICIANS

Experience the difference between a technician who is familiar with a Lexus, and one who focuses on nothing else. Our technicians have met some of the highest service standards in the industry, and must go through in-depth training and pass rigorous tests to become certified. So when you come into a Lexus dealership, you're getting a craftsman who isn't just striving for satisfaction. They're determined to exceed your expectations.

### SERVICE HISTORY

Another benefit of taking your Lexus to the dealership is that all your service information is stored in the Lexus National Service History database and can be accessed by any Lexus dealership in the United States. Had an oil change in San Francisco and your brakes done in Seattle? If service was done at a Lexus dealership, our technicians will know of any past or pending service records, so you won't ever miss a thing.

## MAINTENANCE SCHEDULE

Maintaining the proper schedule for servicing your Lexus will keep it running its best for years to come. Take a look to see which services we perform each 6-month/5,000-mile service interval.\*

\*Please note that oil changes are performed every 10K miles, except for vehicles using non-synthetic oil, which are performed every 5K miles. See your *Warranty and Services Guide* for details.

## EXPERT TECHNICIANS. PRECISION-CRAFTED PARTS.

### GENUINE LEXUS PARTS

There are parts that are compatible and then there are Genuine Lexus Parts that are precision-crafted. Engineered by the same *takumi* craftsmen who build every Lexus, each part is designed to the exact fit and finish of your vehicle. And then guaranteed, because we don't just manufacture Genuine Lexus Parts; we stand behind every one of them.

### CERTIFIED COLLISION CENTER

You never know when an accident may occur, but you know what to do after one does. Lexus Certified Collision Centers can help you through this stressful time. With state-of-the-art equipment and highly skilled technicians certified through the Lexus Certification Program, you can be assured that your vehicle will receive the highest-quality repair possible. And the results will be virtually as good as new.
