CITYWIDE COMPETITION

"An exhibition of structures made from unopened cans of food that are later donated"

-New York Times

Communities around the world are feeling the effects of the coronavirus (COVID-19). We're here to help in any way we can.

CITYWIDE Competitions

Citywide Competitions are annual events where design industry professionals compete building structures made out of full cans of food, creating beautiful CanArt® for display to the public and ultimately goes feed the hungry.

Get Started

JUNIOR Events

Junior Events are for students or youth groups to use math, design skills and art to create CanArt® structures made out of canned food while teaching community service.

Get Started

UNIVERSITY Events

University Events engage young adult students in art/design and problem-solving skills to create canned CanArt® food structures which are donated to their local foodbank.

Get Started

CREATE Your Own

Create your own CanArt® canned food structure for a public relations, CSR, or team building event and have fun raising food for local hunger relief organizations.
